Until the end of the conflict
The thrive will stand but
The transfer is done.
SEE Salomon's strategy

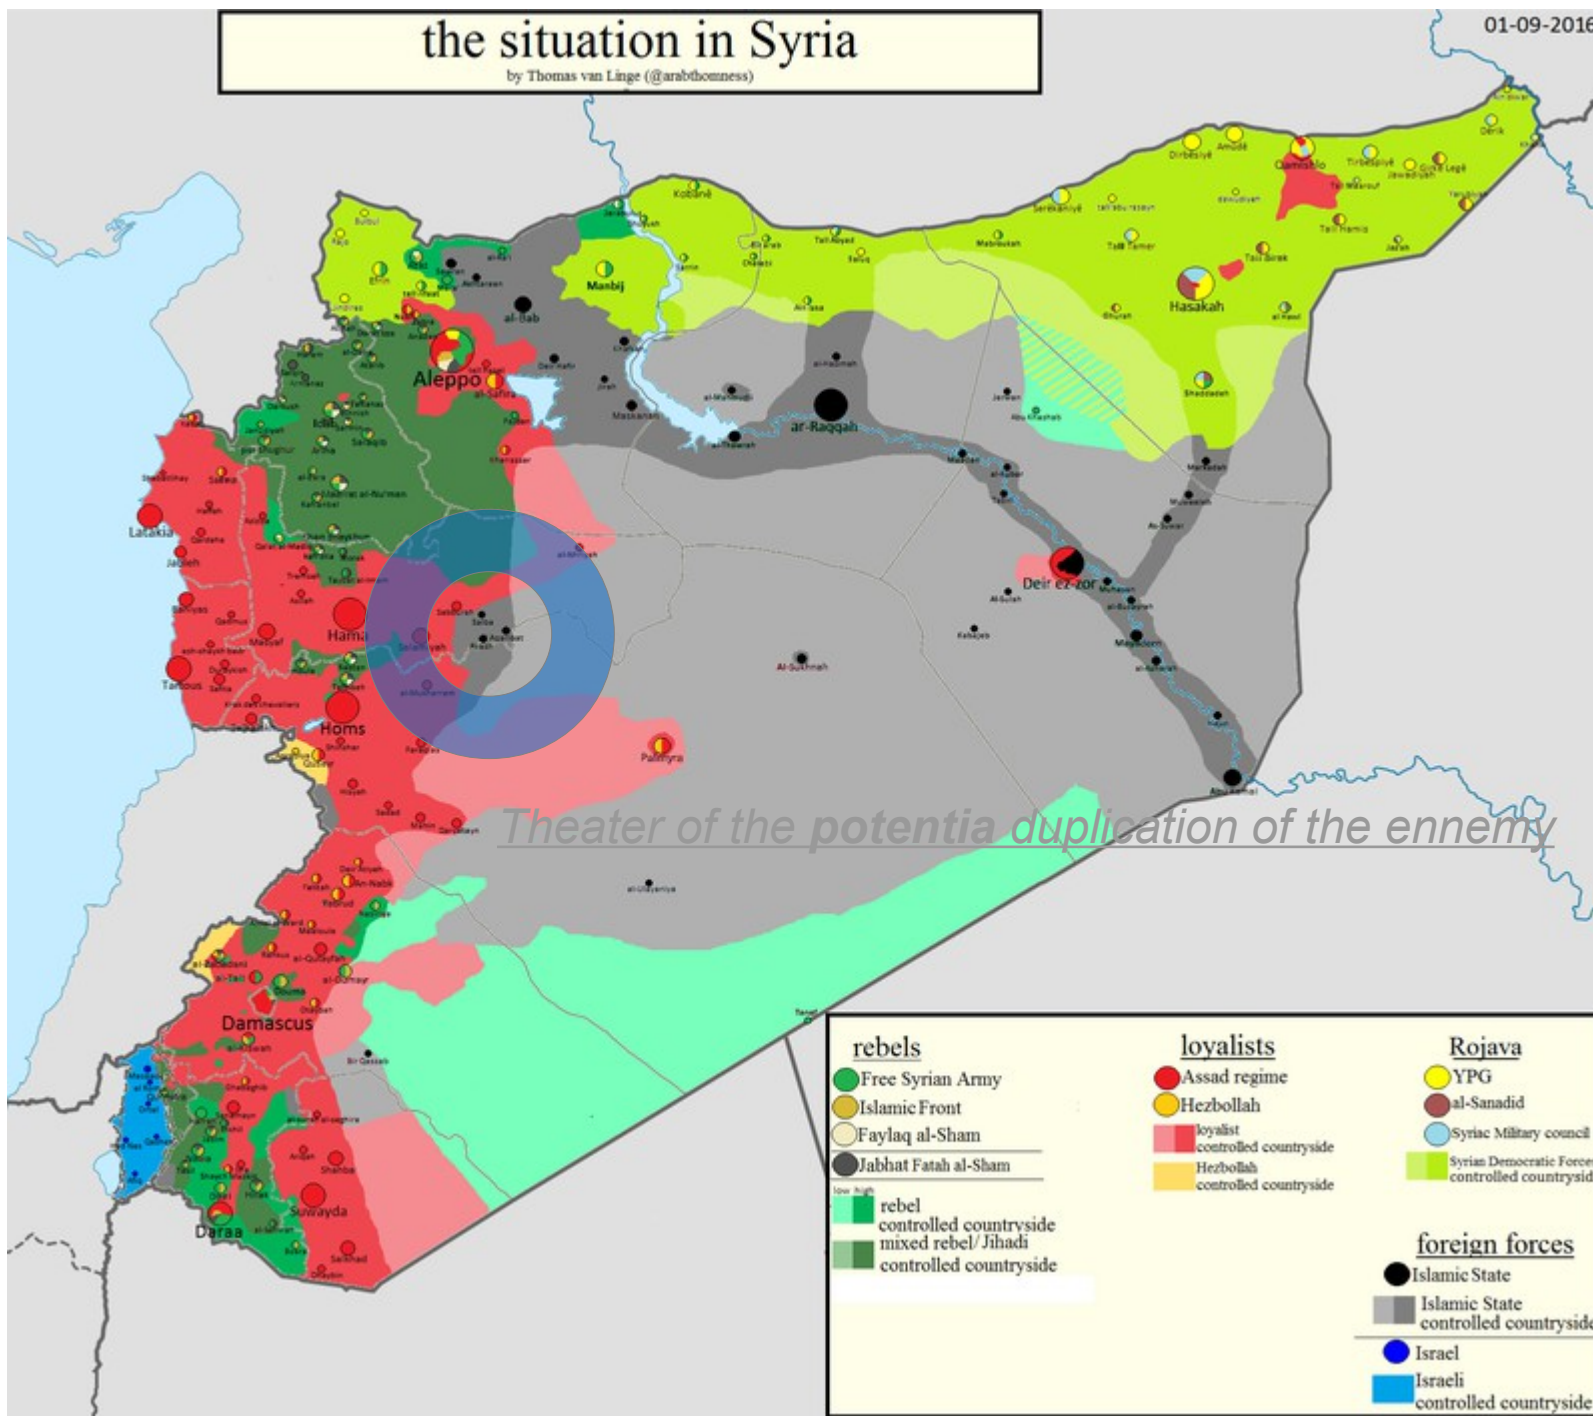

*In order to implement a strategy,
Try to match overcoming changes as options
Whenever the mapping construct change color as well.
THIS IS
Grey to grey will prevent attacks properly,
As bombing car with bazooka matches
And circle to circle operate operations*

***This change of color means that the allies will gather people out of intervention
As to note that walls and blood drinking are strategical for the ISIL itself. Bang!***

From Targer « T », the islamis sTate will trrench over ant thourough pink areas
